Takes over
where OHIP ends!

Group Health and Dental Insurance Plan

As a UCDA member, you have the privilege** of joining our very own Group Health and Dental Insurance Plan, getting access to preferred rates and terrific coverage for you and your family. You simply can't afford not to be covered.

Many Ontario residents don't realize that OHIP doesn't cover many of the health care expenses associated with a serious illness. Many spend tens of thousands out of pocket for things that OHIP doesn't cover, like prescription drugs, physiotherapy, emergency out of country medical, assistive devices, dental care, and much more. Increasingly, OHIP is delisting services, getting ready to meet the budget demands of an aging population.

The message is clear: be prepared to fend for yourself by purchasing health insurance. As part of our ongoing commitment to meeting the needs of our members, the UCDA has teamed up with some top Ontario insurers to provide one of our greatest member benefits. Fill out your application and JOIN TODAY.

** Participation in the plan is subject to approval and may be rated, approved with exclusions or declined.
