Exclusive members-only benefits:
For you, your family, and your employees

Takes over
where OHIP ends!

As a UCDA member, you have the privilege** of joining our very own Group Health and Dental Insurance Plan, getting access to preferred rates and terrific coverage for you, your family, and your employees.

Many Ontario residents don't realize that OHIP doesn't cover many of the healthcare expenses associated with a serious illness. Many spend tens of thousands out of pocket for prescription drugs, private-duty nursing, assistive devices, physiotherapy, out of country medical, dental care, and much more. Increasingly, OHIP is delisting services, getting ready to meet the budget demands of an aging population. The message is clear: be prepared to fend for yourself by purchasing health insurance.

As part of our ongoing commitment to meeting the needs of our members, the UCDA has teamed up with The Capital Group Insurance to provide one of our most important member benefits. Fill out your application and **JOIN TODAY.**

** Participation in the plan is subject to approval and may be rated, approved with exclusions or declined.
